			❖ T - Tactical Disagreements • Explanation: Differences in tactics and strategies among Moderate leaders often led to divisions within the Indian National Congress and weakened their collective effectiveness in challenging British policies. • Example: The split between Moderates like Gokhale and Extremists like Bal Gangadhar Tilak over methods of protest and political strategy during the Swadeshi Movement of 1905-1908 demonstrated internal divisions within the nationalist movement. ❖ A - Apathy of British • Explanation: Despite their efforts at engagement and dialogue, the Moderates faced indifference and apathy from British officials and policymakers, who were often unresponsive to Indian grievances and demands. • Example: British responses to Moderate-led delegations and petitions for greater Indian representation in legislative councils were often dismissive or tokenistic, failing to address substantive issues raised by Indian leaders. ❖ T - Tendency towards Compromise • Explanation: The Moderates' preference for negotiation and compromise with the British sometimes led to concessions that were seen as insufficient or compromised the broader nationalist goals of more radical factions. • Example: The Morley-Minto Reforms of 1909, which introduced limited electoral reforms, were criticized by more radical nationalists for not going far enough in addressing Indian aspirations for self-government. ❖ I - Inadequate Mobilization • Explanation: The Moderates struggled to mobilize mass support and lacked the organizational capacity to sustain prolonged mass movements or civil disobedience campaigns against British rule. • Example: Compared to later mass movements led by figures like Mahatma Gandhi, the Moderates' efforts at mobilizing public support for their demands often fell short, limiting their impact on British policies. ❖ O - Obsession with Legalism • Explanation: The Moderates' over-reliance on legal methods and constitutionalism as the primary means to achieve reforms constrained their ability to challenge the arbitrary nature of British colonial rule effectively. • Example: The Moderates' focus on legislative councils and legal petitions as avenues for change limited their ability to address deeper injustices and inequalities perpetuated by British policies.
